DESCRIPTION	<p>East Windsor provides a program for academically talented students in grades three through eight. We have one full-time teacher who services students at the Intermediate School and at the Junior High.</p> <p>Grades 3-6: Students in grades three through six are identified through multiple-criteria screening and are able to participate in either the Annex or the TAG Programs. Students in the Annex Program meet with the teacher once a week and participate in a variety of mini-courses. TAG students meet up to three times per week and have the opportunity to complete individual and small group investigations as well as to participate in the Future Problem Solving Program. In addition, students participate in flexible grouping classes in their strength areas.</p> <p>Grades 7-8: Junior high students meet during study hall periods and have the opportunity to participate in general enrichment classes, independent study, Mock Trial, Debate, History Day or Future Problem Solving.</p>
